Head Office

Circular No. KYC/2025/11
Date 20 November 2025
Issued by Compliance Department
Subject **Know Your Customer (KYC): Periodic Updation and Account Freeze**

1. Periodic updation of KYC

Customer KYC records must be updated periodically according to the customer's risk category:

Risk category	KYC update frequency
High risk	Once every 2 years
Medium risk	Once every 8 years
Low risk	Once every 10 years

2. Accepted documents

Officially valid documents for identity and address are: passport, driving licence, voter identity card and national identity card. A recent photograph is required for all individual customers.

3. Modes of update

Where there is no change in KYC information, the customer may submit a self-declaration through the registered email address, mobile banking, internet banking or at any branch. Where the address has changed, the customer must submit a self-declaration with proof of the new address within **30 days** of the change. Video KYC is available for individual customers between 9:00 AM and 6:00 PM on working days.

4. Reminders and freeze

At least three reminders (one of them by letter) must be sent before the due date. If KYC is not updated within **90 days** after the due date, the account will be partially frozen: **debit transactions are blocked while credits continue to be allowed**. The freeze must be removed within **2 working days** of the customer completing KYC.

5. Minor accounts

On a minor attaining 18 years of age, fresh KYC must be obtained before the account is converted to a regular account.
